REMARKS

Status of the Claims

With entry of this amendment, claims 1-3, 5 and 6 are currently pending and under consideration.

Notice of Non-Compliant Amendment

The Examiner has stated that the amendment to the claims filed on October 25, 2007, does not comply with the requirements of 37 CFR 1.121(c) because the claims are not properly marked up to indicate changes made relative to the immediate prior version of the claims.

Applicants have corrected the inadvertent underlining of the unmodified section of Claim 1: “...determining whether said amount of nucleic acid comprising a preselected sequence which is specific for said bacterial pathogen exceeds a first predetermined cut off value, ...”.

Applicants assert that the amendment is now in compliance with 37 CFR 1.121(c).
